

Magazine: North American Print & Digital Editions, International Digital Edition, Digital Supplements

Issue	January/February	March/April	May/June	July/August	September/October	November/December
Ad Closing	December 3, 2008	February 6, 2009	April 6, 2009	June 5, 2009	July 29, 2009	October 5, 2009
In Depth	Data Management Challenges	Cluster Computing	Statistical Analysis	Annual Readers' Choice Awards	Application Development	Integration Solutions
Informatics	SDMS	CDS Interfacing	ELNs	Data Acquisition	Bioinformatics	LIMS
HPC	Power and Cooling Solutions	Green Computing	Today's Acceleration Technologies	Modeling and Simulation	Top500	Vizualization
Data Analysis	Statistical Software Review	Leading-edge Visualization	Mathematical Software Review	Numerical Analysis	Engineering Software	Predictive Analytics
Supplements			HPC/ISC 09			HPC/SC09
Show Distribution	LabAutomation PITTCON	INTERPHEX ACS	ISC 09	Drug Discovery NI Week, JSM	Supercomputing Society for Neuroscience, EAS	2009 Trade Shows and Conferences

Newsletters: Bi-weekly SC NewsWire and SC NewsWire International

SCIENTIFIC COMPUTING's e-Newsletters are an excellent way to target your sales message to a receptive audience of buyers who are actively searching for new technology information. SC newsletters deliver your message faster and more efficiently, and a variety of sponsorship opportunities allow you to generate quality sales leads while increasing brand awareness and generating mind share.

Web Exclusive Content: News, Feature Articles, Expert Viewpoints, New Products, Podcasts, Webcasts

Month	January	February	March	April	May	June
Informatics	Integration	LIMS	ELNs	Bioinformatics	CDS	Spectroscopy
HPC	Modeling	Cluster Computing	Application Development	Visualization	Simulation	Data Analysis
Data Analysis	Mathematics	Visualization	CAE	Statistical Software	Modeling	Data Mining
Data Solutions	Graphical Programming	Integration	Interfacing	Regulatory Concerns	Data Acquisition	Imaging
Month	July	August	September	October	November	December
Informatics	Readers' Choice/ Data Storage	LIMS	Chemistry	Interfacing	Informatics Applications	SDMS
HPC	Readers' Choice/ Application Development	Application Portability	Processors	World's Most Powerful	Data Storage	Hardware & Systems
Data Analysis	Readers' Choice/ Graphics	Statistical Analysis	Visualization	Simulation	Numerical Analysis	CAE
Data Solutions	Readers' Choice/ Standards	Validation	Integration	Automation	Data Acquisition	Instrument Control
